# Terms & Conditions

## **1. Vehicle Condition**

All vehicles sold by **Top Cars Rugby LTD** are supplied as used vehicles and may show normal signs of wear and tear consistent with their age, mileage and previous use. All vehicles are inspected prior to sale to ensure they are roadworthy at the time of delivery.

The vehicle is sold as:

**“Approved Used Vehicle with Warranty Cover.”**

## **2. Vehicle Inspection Acknowledgement**

The customer confirms that they have been given the opportunity to:

- *inspect the vehicle*
- *review the vehicle condition*
- *conduct a test drive if requested*
- *arrange an independent inspection prior to purchase*

By proceeding with the purchase, the customer confirms that they are satisfied with the vehicle’s condition at the time of sale.

## **3. Independent Inspection Clause**

Customers are welcome to arrange an independent mechanical inspection prior to purchasing the vehicle.

If the customer chooses not to arrange such inspection, they acknowledge that they are satisfied with the inspection carried out by **Top Cars Rugby LTD** and the condition of the vehicle at the time of sale.

## **4. Warranty Cover**

Vehicles may be supplied with a third-party mechanical warranty provided by *Warrantywise*.

Warranty options may include:

- *6 Month Premium Plan*
- *12 Month Premium Plan*
- *24 Month Premium Plan*

Warranty coverage is subject to the terms and conditions of the warranty provider.

All warranty claims must be submitted directly to the warranty provider who will authorise repairs through an approved repair centre.

**Top Cars Rugby LTD** does not provide post-sale repair services.

## **5. 30-Day Major Mechanical Fault Policy**

Customers must notify **Top Cars Rugby LTD** within 30 days from the date of purchase if the vehicle develops a major mechanical fault.

A major mechanical fault is defined as a defect that renders the vehicle:

- ***unsafe to drive, or***
- ***impossible to drive.***

Examples of major mechanical faults may include:

- ***engine failure***
- ***gearbox or transmission failure***
- ***drivetrain failure***

Where such a fault is verified following inspection, an appropriate resolution may be offered, which may include repair, replacement, or refund.

Important Legal Note:

Nothing in this clause limits the customer’s statutory rights under the Consumer Rights Act 2015, including rights to request repair, replacement, or refund for faults that occur beyond the 30-day period if the vehicle does not conform to the contract at the time of sale.

## **6. Minor Faults and Maintenance Issues**

Issues that do not prevent the safe operation of the vehicle are considered minor faults and do not qualify for vehicle return.

Examples include but are not limited to:

- *Diesel particulate filter (DPF) blockage*
- *warning lights*
- *sensor faults*
- *minor coolant leaks*
- *temporary restricted performance*
- *minor engine noise consistent with vehicle age and mileage*

These matters may be resolved through servicing, diagnostics or warranty claims where applicable.

## **7. Wear and Tear Components**

The following items are considered normal wear and tear components:

- *filters*
- *hoses*
- *sensors*
- *batteries*
- *brake components*
- *suspension components subject to mileage*

These components may deteriorate during normal vehicle use and may require replacement during ownership.

## **8. Customer Responsibilities**

The customer agrees to:

- *ensure regular servicing every 6,000 or 7,000 miles and maintenance*
- *follow manufacturer operating guidelines*
- *contact the warranty provider regarding covered issues*

**Failure to maintain the vehicle properly may invalidate warranty coverage.**

## **9. Limitation of Dealer Responsibility**

After delivery of the vehicle, any mechanical or electrical issues must be addressed through the warranty provider unless otherwise required by law.

**Top Cars Rugby LTD** does not operate a post-sale repair service for vehicles once sold.

## **10. Diesel Emissions and DPF System Notice**

Modern diesel vehicles are equipped with emissions control systems including Diesel Particulate Filters (DPF).

DPF systems require regular motorway or higher-speed driving in order to regenerate.

Vehicles used mainly for short journeys may experience:

- *DPF blockage*
- *emissions system warning lights*
- *temporary restricted performance*

These conditions are considered usage-related maintenance matters and do not automatically constitute a major mechanical fault.

## **11. Advanced Vehicle Systems Notice**

Vehicles manufactured by Land Rover and Jaguar may include advanced electronic and mechanical systems such as:

- *complex onboard diagnostics*
- *electronic driver assistance systems*
- *emissions control systems*
- *advanced engine management systems*

These systems may occasionally produce warning messages or sensor alerts which may require diagnostic inspection.

Such alerts do not automatically indicate a major mechanical fault.

## **12. Vehicle Return Clarification**

Vehicle returns will normally only be considered where a verified major mechanical failure occurs that prevents the vehicle from being safely driven.

The following issues normally do not qualify for vehicle return, but may be addressed through servicing, diagnostics, or warranty:

- *warning lights or diagnostic alerts*
- *Diesel Particulate Filter (DPF) regeneration issues*
- *minor sensor malfunctions*
- *temporary performance restrictions*
- *software-related alerts*
- *minor coolant leaks or engine noise consistent with age and mileage*

### Important Legal Note:

Nothing in this clause limits the customer's statutory rights under the Consumer Rights Act 2015, which allows claims for vehicles that are not of satisfactory quality, fit for purpose, or as described at the time of sale.

## **13. Timing Chain System Notice**

Certain engines used in vehicles manufactured by Land Rover and Jaguar are equipped with timing chain systems designed for extended service intervals.

The customer acknowledges that:

- *timing chain components may develop noise or wear over time*
- *timing chain inspection may be required as part of routine maintenance*
- *timing chain noise does not automatically indicate catastrophic engine failure*

Timing chain related concerns may require diagnostic inspection by a qualified technician.

Timing chain wear consistent with vehicle age and mileage does not automatically qualify as a major mechanical failure for the purpose of vehicle return.

## **14. Acknowledgement of Vehicle Complexity**

The customer acknowledges that modern premium vehicles contain complex mechanical and electronic systems which may require specialist maintenance during ownership.

Such maintenance may include diagnostic procedures and component replacement as part of normal vehicle operation.

## **15. Statutory Consumer Rights**

*Nothing in these Terms and Conditions excludes or limits the customer's statutory rights under the Consumer Rights Act 2015.*

### **Customer Declaration:**

**By signing this document, the customer confirms and agrees to the following:**

- 1. I confirm that I have been given the opportunity to inspect the vehicle, review its condition, and request a test drive prior to completing the purchase.**
- 2. I confirm that I have had the opportunity to arrange an independent mechanical inspection of the vehicle before purchase if I wished to do so.**
- 3. I acknowledge that the vehicle is sold as a used vehicle and may display normal signs of wear and tear consistent with its age, mileage, and previous use.**

4. I understand that the vehicle is sold as an Approved Used Vehicle with Warranty Cover, and that warranty cover may be provided by *Warrantywise* depending on the selected package.

5. I understand that any warranty-related mechanical or electrical issues after purchase must be reported directly to the warranty provider in accordance with the warranty terms.

6. I understand that I must notify Top Cars Rugby Ltd within 30 days of purchase if the vehicle develops a major mechanical fault that renders the vehicle unsafe or impossible to drive.

7. I acknowledge that certain issues may be considered minor faults or maintenance-related matters, including but not limited to warning lights, emissions system alerts, Diesel Particulate Filter (DPF) regeneration issues, minor coolant leaks, or sensor-related alerts, which may be addressed through servicing or warranty claims.

8. I acknowledge that modern vehicles, including those produced by Land Rover and Jaguar, contain advanced mechanical and electronic systems which may require diagnostic inspection or specialist maintenance during ownership.

9. I confirm that I have read, understood, and accepted the Terms and Conditions of Sale provided by Top Cars Rugby Ltd prior to completing the purchase.

10. I understand that nothing in this declaration or the Terms and Conditions limits my statutory rights under the *Consumer Rights Act 2015*.
